SALON ETIQUETTE

I kindly request 48 hours notice for any cancellation of appointments, which allows time for me to be able to fill the timeslot. I reserve the right to charge for notice less than this given, and for appointments that are not attended, with no notice given at all.

Appointments reduced on arrival at the salon will be treated in the same manner as a cancellation on the day of treatment, as this time will no longer be available to offer to another client.

Deposits or booking fees may be asked for at the time of appointment booking with no advanced warning. These are non-refundable.

Treatment times include consultation, treatment and client preparation. Late arrival to appointments will impact on this and treatment time will not be extended.

If you are on any medication or under doctor supervision, please make me aware of this at the time of your booking.

Courses of treatments require full payment upon their start.

Children under the age of 12 are not allowed in the salon for insurance purposes.

All information collected from you is held confidentially and securely. None of your information is passed to any third parties.

FACIALS

ENVIRON

Environ is a cosmeceutical skincare brand, using powerful active ingredients alongside its halo ingredient, Vitamin A, to penetrate into the deeper layers of the skin to achieve a visible result within it that shows on the upper epidermis (what we see).

Medical research and extensive trials have shown that Vitamin A has a corrective effect on skin, smoothing and softening it, whilst at the same time protecting it from the effects of UV rays and free radicals. The most important activity of Vitamin A is that it normalises the skin. It promotes the production of healthy collagen and elastin and improves the natural moisturising factors of the skin, leading to healthier, younger looking skin.

The patented electro-sonic technology used within the Environ facials is the reason why they are said to be the most technologically advanced facial treatments in the world. It is a unique combination of small electrical pulses and soundwaves that increase delivery of active ingredients into the skin by 4400% compared to manual facial massage.

VITAMIN ANTI-AGEING TREATMENT

1hr 30mins | £90

Packed with nourishing, anti-ageing ingredients, this treatment will leave your skin looking radiant and dewy. The freshest, most active forms of vitamin A, C and antioxidants are driven deep in to the lower layers of the skin using sound waves and small electrical pulses. This scientific approach stimulates collagen to soften lines and improve elasticity, increase hydration and boost radiance.

COLLAGEN POWER FACIAL

1hr 30mins | £90

This peptide-infused facial uses gentle soundwaves to drive a peptide-packed serum deep into the lower layers of the skin, helping to boost collagen, soften fine lines and tighten lax skin, resulting in a more youthful, plumper and radiant appearance. Ideal for targeting mature or photo-damaged skins.

HYDRABOOST FACIAL

1hr 30mins | £99

The perfect antidote to dry, lacklustre skin, this intensive treatment deeply hydrates while plumping and firming the skin. Based on Hyaluronic Acid, which holds up to 1000 times its own weight in water, it helps to reduce fine lines caused by dehydration and increase the plumpness of the dermis, resulting in moisturised glowing skin.

DERMALUX ENHANCE ADD-ON

15 mins | £20

An add-on to maximise the results of your facial, using clinically proven wavelengths of LED light technology to energise the cells and stimulate the natural regeneration process. Skin cells that are energised function better and can regenerate up to 200% faster resulting in a more youthful, clearer and vibrant complexion.

ALUMIER MD

Alumier MD is a medical grade cosmeceutical skincare range, and was developed by a global team of scientists, dermatologists and industry professionals. The peel treatments offer the next level of clinical exfoliation, and its focused light to medium depth peels and serums target skin concerns such as ageing, pigmentation, rosacea and acne, to deliver exceptional results. To continue these results at home and to tend to skin following treatment, a post-procedure aftercare kit is included with every Alumier MD peel treatment.

PRESCRIPTIVE PEEL

1hr | £90

This facial is completely tailored to your skin's needs, and using a variety of peels within the one treatment, each with a unique complex of ingredients such as lactic and salicylic acid, pure retinol and hyaluronic acid, skin concerns such as pigmentation, breakouts, diffused redness and even sensitivity can be targeted.

GLOW PEEL

1hr 15 mins | £100

This medium depth peel blends lactic acid, salicylic acid and resorcinol to create a multipurpose resurfacing solution effective in minimising the appearance of fine lines and wrinkles, age spots, discolouration and uneven skin tone. Strength and layers used throughout the facial fully customise this peel.

DERMALUX ENHANCE ADD-ON

15 mins | £20

An add-on to maximise the results of your facial, using clinically proven wavelengths of LED light technology to energise the cells and stimulate the natural regeneration process. Skin cells that are energised function better and can regenerate up to 200% faster resulting in a more youthful, clearer and vibrant complexion.

CACI

With over 20 years of medical research backing, CACI Ultra uses microcurrent to tone, lift and re-educate muscles back to their original position to improve skin tone, ultrasound to brighten and smooth skin and LED technology alongside to plump specific lines and wrinkles.

Results can be seen after the first treatment, but for best results a course of treatments is recommended followed by regular maintenance.

SIGNATURE NON-SURGICAL FACE LIFT 1 hr | £60 || Course of 10 | £540

This advanced non-invasive facial helps to lift and tone the muscles of the face and neck, whilst improving skin elasticity and reducing the appearance of fine lines and wrinkles.

ULTRA ANTI-AGEING FACIAL 1hr 30mins | £85 || Course of 10 | £765

Combining microcurrent, ultrasound and LED light therapy, this facial revitalises the skin and tightens and tones facial muscles, leaving a more youthful and toned appearance with glowing, healthy skin.

JOWL LIFT 30 mins | £35 || Course of 10 | £315

This targeted facial is specifically aimed at muscle laxity around the jawline, lifting and firming the muscles and redefining facial contours to give a firmer, more toned appearance.

EYE REVIVE 45 mins | £45 || Course of 10 | £405

The ideal treatment for anyone concerned with ageing and puffiness around the delicate eye area. Providing a targeted treatment, tired and puffy eyes are soothed and lines reduced, leaving eyes bright and tight.

LED WRINKLE COMB ADD-ON £10

Targeting deep lines and wrinkles, this non-invasive and needle-free alternative to dermal fillers plumps from the very first treatment.

HYDRATONE MASK ADD-ON £16.50

A deeply nourishing mask treatment infused with collagen and hyaluronic acid to hydrate, soothe and tone.

DERMALUX ENHANCE ADD-ON 15 mins | £20

An add-on to maximise the results of your facial, using clinically proven wavelengths of LED light technology to energise the cells and stimulate the natural regeneration process. Skin cells that are energised function better and can regenerate up to 200% faster resulting in a more youthful, clearer and vibrant complexion.

DERMALUX® LED PHOTOTHERAPY

Multi Award winning Dermalux combines clinically proven wavelengths of light with the latest generation of LED technology, to deliver safe and effective results for a wide range of skin conditions without discomfort or downtime.

After just one treatment, Dermalux instantly energises skin cells to revitalise a dull and tired complexion. A course of treatments offers long lasting results, stimulating the skin's natural rejuvenation and repair processes to promote healthy looking skin, accelerate cell renewal and resolve a range of skin concerns.

DERMALUX POWER PLAN

8 week | 12 session plan | £450

An intensive 8 week programme of 12 Dermalux treatments is highly recommended for a dramatic improvement in the appearance and health of the skin. Results can last up to 12 weeks following the Power Plan and Booster treatments are advised to maintain results.

DERMALUX BOOST

30mins | £45

Individual Dermalux treatments energise the skin to instantly revitalise the complexion, replenish vital hydration and restore luminosity. Booster treatments are recommended monthly for maintenance.

DERMALUX ENHANCE

15 mins | £20

An add-on to maximise the results of any Alumier MD, CACI or Environ facial.

HAIR REMOVAL

Both hot and strip waxes are used in treatments. The waxes used are Perron Rigot hot wax and the newly introduced Hywax strip wax, the latter of which is an innovative tube wax system. Both techniques offer the upmost levels of hygiene with no cross-contamination, and have been specifically chosen to offer this reassurance to you alongside an excellent treatment result.

The wax chosen will depend on the body area and hair type. The Perron Rigot hot wax system is a gentler method of waxing, effectively shrink-wrapping the hair and causing much less aggravation to the skin than most other hair removal methods, and is particularly great for removing thicker, coarser hair. The Hywax strip wax system is generally used for legs and other larger areas, and is particularly great at clearing areas of fluffier hair quickly.

PLEASE NOTE - a minimum 4 week growth period is required between treatments for effective removal.

TANNING

FULL BODY SPRAY TAN

30 mins | £25

A natural tan is actually one of the first signs of skin damage following UV sun exposure. Why risk your skin health by bathing in the harmful effects of UV rays, and choose a safer, UV-free way to achieve a glowing tan. Nouvatan has been specifically developed using organic active ingredients including Vitamins A, B5 and E to moisturise skin and enhance your tan. It contains no alcohol or parabens to dry your skin, leaving you with an irresistible natural colour, with no orange tinge.

EYE TREATMENTS

Eyebrow Tint and Eyebrow Wax

30 mins | £23

HD BROWS

1hr | £36

Thanks to the unique seven-step brow shaping treatment, this procedure can transform your eyebrows to give you the ultimate in well-groomed, high definition brows.

LVL LASHES

1hr | £60

LVL is a revolutionary eye treatment designed to lift your eyelashes from the root, creating the effect of longer, lifted natural lashes. With results lasting 6-8 weeks, LVL is an ideal alternative to eyelash extensions for those who don't want maintenance and want to make the most of their natural lashes.

PLEASE NOTE - A patch test must be carried out 48 hours prior to all eye treatments, each time these treatments are carried out.
